**SUMMARY OF MARKET RENTAL PACKAGE
IN RESPECT OF THE 2016 FISCAL YEAR**

Reference is made to the announcements dated 29 October 2010, 9 September 2011, 27 August 2012, 26 August 2013, 26 August 2014, 13 March 2015 and 14 April 2015 issued by Regal REIT. In accordance with the Lease Agreements and the Supplemental Lease Agreements, the Valuer was jointly appointed by the Lessors and the Lessee and instructed to conduct a rent review to determine the Market Rental Package for 2016, which includes the amount of market rents (including base rent, variable rent and the Lessee's contribution to the FF&E Reserve) for each of the Initial Hotel Properties and the amount of the security deposit.

According to the 2016 Market Rental Package Determination, the aggregate amount payable by the Lessee as Base Rent is HK\$732 million for the 2016 Fiscal Year (a decrease of HK\$31 million as compared with the Base Rent of HK\$763 million in the 2015 Market Rental Package). In addition, the Variable Rent will be calculated at 50% of the Collective NPI Excess in respect of the 2016 Fiscal Year (the percentage sharing being the same as in respect of the Variable Rent calculation under the 2015 Market Rental Package). The Security Deposit comprised within the 2016 Market Rental Package Determination is HK\$183 million (as compared with the Security Deposit of HK\$381.5 million comprised in the 2015 Market Rental Package). Summaries of the 2016 Market Rental Package Determination and the valuation methodologies are set out in this announcement. The manner of payment of each component of the 2016 Market Rental Package Determination will be consistent with that set out in the 2015 Market Rental Package. The existing Security Deposit will expire on 31 December 2015, and the replacement Security Deposit is to be procured and provided to the Lessors, within 60 days after the determination of the 2016 Market Rental Package, that is, on or before 16 November 2015. The replacement Security Deposit, in the form of an extended or replacement third party guarantee(s) (or standby letter(s) of credit or other equivalent form(s) of security), are to be issued by licensed bank(s) in Hong Kong effective on 1 January 2016.

The Total Distributable Income available for distribution to unitholders of Regal REIT for each financial year is affected by various factors, including the Base Rent and Variable Rent receivable by Regal REIT for the respective financial years. Pursuant to the 2016 Market Rental Package Determination, there will be a decrease of HK\$31 million in the Base Rent for the 2016 Fiscal Year as compared to that in the 2015 Market Rental Package. The Variable Rent receivable will continue to be based on the same 50% sharing formula, in respect of the Collective NPI Excess over the Base Rent for the 2016 Fiscal Year. Although there will be a decrease of HK\$31 million in the Base Rent for the 2016 Fiscal Year due to changed market conditions, the adopted mechanism of having a high proportion of Base Rent, plus a potential upside sharing through Variable Rent, provides assurance of a relatively stable rental income from the Initial Hotel Properties for Regal REIT on a yearly basis.

Given there are variables involved in the determination of the Base Rent and the Variable Rent from year to year, investors should exercise caution in dealing in the units of Regal REIT.

Pursuant to 5.2(f) of the REIT Code, the Valuer's report on the Market Rental Package for 2016 is available for inspection by the public during normal office hours at the REIT Manager's place of business at Unit No. 2001, 20th Floor, 68 Yee Wo Street, Causeway Bay, Hong Kong.

The INEDs confirm that the rent review in respect of the Market Rental Package for 2016 has been conducted in accordance with the terms of the Lease Agreements and the Supplemental Lease Agreements.

A. BACKGROUND INFORMATION ON THE LEASE TERM AND RENTAL INCOME STRUCTURE

Reference is made to the announcements dated 29 October 2010, 9 September 2011, 27 August 2012, 26 August 2013, 26 August 2014, 13 March 2015 and 14 April 2015 issued by Regal REIT. Unless otherwise defined herein, capitalised terms used in this announcement shall have the same meanings ascribed to them in the announcement dated 29 October 2010.

On 12 March 2015, each of the Lessors entered into (i) the Supplemental Lease Agreement in respect of each Initial Hotel Property with the Lessee to: (a) extend the original lease term of each Lease Agreement, which will expire on 31 December 2015, by a further five years to 31 December 2020 (the “**Extended Period**”); and (b) amend the formula for calculating the amount of the security deposit during the Extended Period as set out in the table below (together, the “**Lease Extension/Amendment**”); and (ii) a supplemental lease guarantee with the Trustee and Regal to make consequential amendments in light of the Lease Extension/Amendment, so that Regal's obligation to maintain third party guarantee will cover the Extended Period and track changes to the formula for calculating the amount of the security deposit under the Lease Extension/Amendment (the “**Lease Guarantee Amendments**”).

Security deposit for the original lease term (for the Fiscal Years 2011-2015)

The highest of: (i) market rate determined by the independent professional property valuer upon each annual rent review; (ii) **50%** of annual base rent as determined by such valuer, and (iii) **50%** of annual floor rent

Security deposit for the Extended Period (for the Fiscal Years 2016-2020)

The highest of: (i) market rate determined by the independent professional property valuer upon each annual rent review; (ii) **25%** of annual base rent as determined by such valuer, and (iii) **25%** of annual floor rent

The Lease Extension/Amendment and the Lease Guarantee Amendments were approved by the independent unitholders of Regal REIT at the extraordinary general meeting of Regal REIT held on 14 April 2015.

B. APPOINTMENT OF VALUER

In accordance with the Lease Agreements and the Supplemental Lease Agreements, Mr. David Faulkner was jointly appointed as an independent professional property valuer (the “**Valuer**”) and was instructed on 23 June 2015 to conduct a rent review to determine the Market Rental Package in respect of the 2016 Fiscal Year (the “**Market Rental Package for 2016**”), based on the assumptions and disregards provided in the Lease Agreements and the Supplemental Lease Agreements. Mr. Faulkner is the Valuer who was jointly appointed to determine the Market Rental Package in respect of the 2011, 2012, 2013, 2014 and 2015 Fiscal Years. Mr. Faulkner is a Chartered Surveyor with over 35 years’ experience in the valuation of properties of this magnitude and nature and over 30 years’ experience in Hong Kong and China, and is currently an Executive Director at Colliers International (Hong Kong) Limited.

Mr. Faulkner issued his report (the “**Report**”) on the determination of the Market Rental Package for 2016 (the “**2016 Market Rental Package Determination**”) on 17 September 2015.

C. THE 2016 MARKET RENTAL PACKAGE DETERMINATION

1. Summary of the 2016 Market Rental Package Determination

A summary of the 2016 Market Rental Package Determination, together with the corresponding components in respect of the 2015 Market Rental Package, is as follows:

<u>Market Rental Package Component</u>	<u>Market Rental Package for 2016</u>	<u>Market Rental Package for 2015</u>
(a) Base Rent for Regal Airport Hotel ⁽¹⁾	HK\$237 million	HK\$230 million
(b) Base Rent for Regal Hongkong Hotel ⁽¹⁾	HK\$128 million	HK\$145 million
(c) Base Rent for Regal Kowloon Hotel ⁽¹⁾	HK\$150 million	HK\$157 million
(d) Base Rent for Regal Oriental Hotel ⁽¹⁾	HK\$67 million	HK\$81 million
(e) Base Rent for Regal Riverside Hotel ⁽¹⁾	<u>HK\$150 million</u>	<u>HK\$150 million</u>
Aggregate amount payable by Lessee as Base Rent ^{(2) & (3)}	<u>HK\$732 million</u>	<u>HK\$763 million</u>
Variable Rent for the Initial Hotel Properties (receivable by the Relevant Lessors) ^{(3) & (4)}	50% of Collective NPI Excess	50% of Collective NPI Excess
Lessee's contribution to the FF&E Reserve ⁽⁵⁾	No contribution required by the Lessee	No contribution required by the Lessee
Amount of security deposit ⁽⁶⁾	HK\$183 million	HK\$381.5 million

Notes:

- (1) According to the Lease Agreements and the Supplemental Lease Agreements, during the Second Lease Period and the Extended Period, the Floor Rent will be HK\$400 million per annum, such amount being an aggregate of the respective minimum annual rental payments in respect of Regal Airport Hotel, Regal Hongkong Hotel, Regal Kowloon Hotel, Regal Oriental Hotel, and Regal Riverside Hotel, which are, respectively, HK\$175 million, HK\$60 million, HK\$65 million, HK\$30 million and HK\$70 million.
- (2) According to the Lease Agreements and the Supplemental Lease Agreements, during the Second Lease Period and the Extended Period, the Lessee will pay to the Lessors, on a monthly basis, the higher of one-twelfth of the Floor Rent of HK\$400 million and the monthly base rent comprised within the 2016 Market Rental Package Determination, in such manner that the monthly lease income of the Lessors will not be less than one-twelfth of the Floor Rent.
- (3) The base rent of the Initial Hotel Properties comprised within the 2016 Market Rental Package Determination is HK\$732 million, being the aggregate of the base rents set out in the table above which, in each case, is higher than the respective minimum annual rental payments in respect of each of the Initial Hotel Properties as stated in Note (1). The aggregate amount payable by the Lessee as Base Rent for the 2016 Fiscal Year represents a decrease of HK\$31 million as compared with the Base Rent of HK\$763 million for the 2015 Fiscal Year. The Variable Rent receivable for the 2016 Fiscal Year will continue to be based on the same 50% sharing formula, in respect of the Collective NPI Excess for the 2016 Fiscal Year.
- (4) For the six months ended 30 June 2015, as the NPI from hotel operations of the Initial Hotel Properties amounted to approximately HK\$372.6 million, which was below the prorated Base Rent amount of HK\$381.5 million, no Variable Rent was receivable for the period.
- (5) According to the Lease Agreements, the Lessee was required to contribute monthly to the FF&E Reserve an amount equal to 2% of the Total Hotel Revenue for each Fiscal Year in the First Lease Period. According to the Report, as a general practice of the hotel industry in Hong Kong, the owner of the hotel (equivalent to the Lessor in each Lease Agreement) is responsible for contributing funds which are set aside and applied to meet the costs of investments in the replacement of furniture, fixtures and equipment at the relevant hotel premises, for the purposes of maintaining such premises at the applicable operating standards and operating capacity. The Valuer is, therefore, of the opinion that the obligation to contribute to the FF&E Reserve could be transferred from the Lessee to the Lessors based on local practice and, consistent with the 2015 Market Rental Package Determination, concluded in the 2016 Market Rental Package Determination that none of the Total Hotel Revenue shall be contributed by the Lessee to the FF&E Reserve for the 2016 Fiscal Year.

- (6) Pursuant to the Lease Guarantees, Regal, as guarantor, procured the Initial Security Deposit in favour of the Lessors and the Trustee in the form of a letter of credit to cover its payment obligations and that of the Lessee for the period up to 30 June 2011. Regal has further undertaken that, unless the Lease Agreements are terminated, the same or other equivalent arrangement (the “**Security Deposit**”, as further described in paragraph C.2 of this announcement) shall, at the sole cost and expense of Regal, remain in place and effective until the end of the term of the Lease Agreements, upon the same terms as the Initial Security Deposit. In accordance with the Lease Guarantee Amendments, the Security Deposit for the Extended Period is to be at an amount equal to the highest of: (a) the amount which the Valuer determines to be the market rate for security deposit, (b) 25% of the annual base rent as determined by the Valuer upon each annual rent review, and (c) 25% of the Floor Rent. Regal is required, within 60 days after the determination of an annual rent review, to arrange for such bank guarantee to be topped up or adjusted or replaced to an amount equal to such resulting highest amount. According to the 2016 Market Rental Package Determination, the security deposit payable for renting an en bloc hotel of comparable scale to the Initial Hotel Properties is normally three months base rent, which is determined by the Valuer to be the market rate for security deposit. The Valuer therefore determined the security deposit shall be three months base rent, which in the case of the Initial Hotel Properties is HK\$183 million, equivalent to 25% of the determined annual base rent comprised within the 2016 Market Rental Package Determination, such amount being the highest of (a), (b) and (c).

2. Manner of Payment

The manner of payment of the 2016 Market Rental Package Determination (including in relation to the Base Rent, Variable Rent, Security Deposit and the Lessee’s contribution to the FF&E Reserve according to the 2016 Market Rental Package Determination) will be consistent with that set out in the 2015 Market Rental Package Determination. The existing Security Deposit will expire on 31 December 2015, and replacement Security Deposit is to be procured and provided to the Lessors, within 60 days after determination of the 2016 Market Rental Package, that is, on or before 16 November 2015. The replacement Security Deposit, in the form of an extended or replacement third party guarantee(s) (or standby letter(s) of credit or other equivalent form(s) of security), will be issued by licensed bank(s) in Hong Kong effective on 1 January 2016.

D. SUMMARY OF ASSUMPTIONS AND OUTLINE OF VALUATION METHODOLOGIES

1. Assumptions Contained in the 2016 Market Rental Package Determination

The 2016 Market Rental Package Determination was based on the assumptions and disregards set out in the Lease Agreements, including the following:

- (a) that the rental payable by the Lessee shall be exclusive of rates, government rents, utility charges and all other outgoings payable by the Lessee;
- (b) that each of the Initial Hotel Properties is available to let on the open market by a willing landlord to a willing tenant without a premium and with vacant possession having regard to similar premises having similar characteristics and attributes;
- (c) that the length of the lease would be in line with other leases in the market with similar nature;
- (d) that each of the Initial Hotel Properties is fit for immediate occupation and use and incorporates fixtures and fittings which are of a standard and description commensurate with the nature of the premises and which are suitable for the use and occupation of the willing tenant;
- (e) that in case any part of the Initial Hotel Properties has been damaged or destroyed, it has been fully restored;
- (f) that no reduction is to be made to take account of any inducements;
- (g) disregarding any effect on rent of the fact that the Lessee has been or is in occupation of the Initial Hotel Properties or any part thereof; and
- (h) disregarding any goodwill attributable to the Lessee's business carried on at the Initial Hotel Properties.

2. Outline of Valuation Methodologies

The Valuer adopted a reasonable percentage of gross revenue as his primary approach in his valuation to determine the Base Rent comprised within the 2016 Market Rental Package Determination. The Valuer also analysed similar sales transactions in Hong Kong to assess the market values of the Initial Hotel Properties, and Base Rent was then derived from the adoption of what the Valuer determined to be appropriate yields on such market values. As the Valuer was of the view that rental transactions for hotels are rare in Hong Kong, rental transactions of upper commercial premises were also analysed as a cross-check and benchmark for the purposes of the 2016 Market Rental Package Determination.

E. CONSIDERATIONS IN RESPECT OF THE MARKET RENTAL PACKAGE FOR 2016

1. General Hotel Market Conditions

The hotel business is cyclical and sensitive to changes in the global, regional or local economies generally; and since demand for hotel services in Hong Kong is affected by economic growth, a global, regional or local change could affect the performance of the local hotel industry.

For the first half of 2015, most of the advanced world economies sustained gradual recoveries. The International Monetary Fund has projected global growth at 3.3% in 2015, which is marginally lower than in 2014, with a gradual pickup in advanced economies and a slowdown in emerging market and developing economies.

The total number of visitor arrivals to Hong Kong during the first half of 2015 climbed to 29.3 million or a year-on-year increase of 2.8% with the Mainland China market registering growth at 4.7% to reach 22.8 million, which accounted for 77.9% of total visitor arrivals to Hong Kong in the period. However, in this total headcount, overnight visitors amounted to 12.7 million, which actually decreased by 3.8% year-on-year, primarily due to the substantial decline in the number of visitors from Mainland China under the Individual Visit Scheme since March 2015.

The setback in Hong Kong's tourism and related business sectors in the first half of 2015 can be attributed to a number of factors, including the strengthening of the Hong Kong Dollar, the lowering of spending by stay-over visitors, the spill-over effects from the Occupy Central movement and, more recently, the anti-parallel trading activities that have deterred many Mainland travellers from visiting Hong Kong. The implementation of the "one trip per week" policy for Shenzhen residents, who are mostly same day visitors has, however, had no significant impact on the local hotel market.

As a result of the above factors, the hotel market in Hong Kong in the first half of 2015 has been adversely affected.

2. Performance of Initial Hotel Properties for the six months ended 30 June 2015

For the six months ended 30 June 2015, the average room rate for the Initial Hotel Properties was HK\$1,000.88 (representing a decrease of 3.7% from HK\$1,039.33 for the same period in 2014) and the average occupancy rate was 83.0% as compared to 92.9% for the same period in 2014, resulting in a decrease of 14.0% in the RevPAR as compared to the same period in the 2014 Fiscal Year.

For the six months ended 30 June 2015, as the NPI from hotel operations of the Initial Hotel Properties amounted to approximately HK\$372.6 million, which was below the prorated Base Rent of HK\$381.5 million, no Variable Rent was receivable for the period.

3. Market Rental Package for 2016

The rent levels will principally depend on the prevailing market conditions at the time.

In respect of the Market Rental Package for 2016, the aggregate amount of HK\$732 million payable by the Lessee as Base Rent for the 2016 Fiscal Year represents a decrease of HK\$31 million as compared with the Base Rent of HK\$763 million for the 2015 Fiscal Year. The Base Rent for each of the Initial Hotel Properties comprised within the 2016 Market Rental Package Determination has been determined based on the Valuer's professional opinion on the market status for 2016 (including the assumptions and disregards set out in paragraph D.1 above) and on certain factors relating to each of the Initial Hotel Properties, and with reference to the current market conditions of the hotel and tourism industry in Hong Kong.

Pursuant to the 2016 Market Rental Determination, the Variable Rent receivable for the Fiscal Year of 2016 will be based on the same 50% sharing, in respect of the Collective NPI Excess for the Fiscal Year of 2016.

4. Impact on Total Distributable Income

The Total Distributable Income available for distribution to unitholders of Regal REIT for each financial year is affected by various factors, including the Base Rent and Variable Rent receivable by Regal REIT for the respective financial years. Pursuant to the 2016 Market Rental Package Determination, there will be a decrease of HK\$31 million in the Base Rent for the 2016 Fiscal Year as compared to that in the 2015 Market Rental Package. The Variable Rent receivable will continue to be based on the same 50% sharing formula, in respect of the Collective NPI Excess for the 2016 Fiscal Year. Although there will be a decrease of HK\$31 million in the Base Rent for the 2016 Fiscal Year due to changed market conditions, the adopted mechanism of having a high proportion of Base Rent, plus potential upside sharing through Variable Rent, provides assurance of a relatively stable rental income from the Initial Hotel Properties for Regal REIT on a yearly basis.

Given there are variables involved in the determination of the Base Rent and the Variable Rent from year to year, investors should exercise caution in dealing in the units of Regal REIT.

F. INSPECTION OF VALUER'S REPORT

Pursuant to 5.2(f) of the REIT Code, the Valuer's report on the Market Rental Package for 2016 is available for inspection by the public during normal office hours at the REIT Manager's place of business at Unit No. 2001, 20th Floor, 68 Yee Wo Street, Causeway Bay, Hong Kong.
